A percentage of the market value of the fund can be used every year to support the organization's mission as outlined above, while the remainder of the fund is held to appreciate in value for future use.

In January 2007, GSFB transferred funds to the Maine Community Foundation (the "Foundation") to establish an endowment fund with GSFB named as beneficiary. Under terms of the agreement, a percentage of the market value of the fund ("annual spending policy") shall be paid and distributed to GSFB at least annually, or on a schedule to which the parties may from

time to time change. GSFB can withdraw all or a portion of the original amount transferred, any appreciation on those transferred assets, or both, provided that a majority of the governing boards of GSFB and the Foundation approve of the withdrawal. At the time of the transfer, GSFB granted variance power to the Foundation. That power gives the Foundation the right to distribute the investment income to another not-for-profit organization of its choice if GSFB ceases to exist or if the governing board of the Foundation votes that support of GSFB (a) is no longer necessary, (b) is incapable of fulfillment, or (c) is inconsistent with the needs of the community. At June 30, 2019 and 2018, the endowment fund has a value of \$280,746 and \$80,151, respectively, which is reported in the statements of financial position as a beneficial interest in assets held by others and board designated endowment.

GSFB is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and comparable state law and, therefore, has made no provision for income taxes in the accompanying financial statements.

Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the Financial Accounting Standards Board, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position.
