Since launching the program, Good Shepherd Food Bank has formed partnerships with the people who work the land and sea to provide food for Mainers struggling with hunger. It enables the Food Bank to get fresh and nutritionally balanced Maine-harvested food to Maine families in need.

Mainers Feeding Mainers Programs:

**Milk2MyPlate**
Through a collaboration with the Maine Dairy Promotion Board and Oakhurst Dairy, we provided more than 21,000 half-gallons of milk to nine school pantries.

**Farm-to-Institution**
Two farm partners provided more than 30,000 lbs. of fresh Maine produce directly to patients at two of our Community Health and Hunger partners in rural Maine.

**Farm-to-Senior Center**
Five of our farm partners provided more than 5,000 lbs. of fresh Maine produce directly to eight low-income senior centers during 2019.

**Farm-to-School**
Fourteen of our farm partners provided more than 60,000 lbs. of fresh Maine produce directly to sixteen school pantries.
