

Good Shepherd Food Bank's Food Mobile program aims to assist our food pantry and other community partners to increase access to food for people in need in their communities. The Food Bank will prioritize Food Mobile distributions to those areas most experiencing food insecurity due to high unemployment, natural or other disaster, or lack of other resources. The Food Mobile Program of Good Shepherd Food Bank is funded by grants, some of which may be specific to certain areas of the state. **There may be times when Food Mobile funding or priorities to underserved areas require us to deny a pantry's application for a Food Mobile distribution.**

The Food Mobile is intended to expand access to food in a community. **We require that existing food pantry programs host a Food Mobile on a day and time other than their regular distribution and advertise the Food Mobile distribution to their wider community** in order for more members of their community to have access to food.

To apply for a Food Mobile distribution, please complete the information listed below as well as the Food Mobile Agreement Form. Both forms must be submitted **at least 2 months** prior to the desired distribution date.
